

Composite Door Benefits

Exceptionally Durable

The high impact Glass Reinforced Polyester (GRP) skin offers exceptional durability and will maintain its appearance against everyday knocks and scratches. Unlike other doors, they don't warp, split or twist.

Simply Stunning

To complement your home, every door is designed with symmetry and balance in mind. Using modern technology, the detailed embossed woodgrain finish, developed from oak tree grain, creates a beautifully authentic appearance.

Low Maintenance

Thanks to its water-resistant coating, there is no need to repaint or varnish your door; a quick and easy wipe with a damp and dust-free cloth will keep your door looking brand new. For further details see page 48.

Safe and Secure

Holding the highest accreditations for quality and security, you can have peace of mind that the door construction – with its rigid polymer subframe, high density CFC-free polyurethane foam core, integral security board and high impact GRP skin – will keep your property safe and secure.

High Security Locking Systems

All our composite doors are enhanced with an insurance approved high security multi-point locking system as standard, ensuring your family and home are fully protected. See page 45 for further details.

Manufactured to the Highest Standards

Hurst doors are CE marked and fully accredited to meet the criteria of BS:EN 6375, PAS 24:2016 for weather and security performance certification, Q-mark for enhanced security as well as Secured by Design, a police initiative backed by the Home Office Crime Prevention Unit.

Excellent Insulation

19% more thermally efficient than a 48mm solid timber core composite door, you can be assured your door is keeping the warmth in and the cold out, thereby saving money and reducing emissions. In addition, with such excellent insulation properties, outside noise will be kept to a minimum too.

Excellent Weatherproofing

Designed with water resistant polymer composite rails to protect the core, your Glass Reinforced Polyester (GRP) skin door won't suffer from water ingress which can result in skin delamination and other functional problems of some lesser products.

The above accreditations have been awarded to Hurst Plastics Ltd (Hurst Doors).

Door Collections

Our featured Classic, Cottage and Contemporary Bohemia collections all offer something unique and are available in a variety of colours and styles to suit any home.

Enclosed Mini-blind

Perfect when added privacy is essential.

Mini-blinds have a simple control mechanism to be raised or tilted with one hand. This system uses a magnetic tab rather than a traditional cord so is completely safe to use around children.

The white mini-blind is enclosed between two panes of glass so never requires painting and is protected from dust and damage. They are a stylish finishing touch to any external door.

Choose Your Colour

Whether you are looking to make a statement by making your front door bold and bright or you would prefer something more traditional and demure to go with the style of your home, our Premium Sprayed Colour Service provides a vast array of colours to complement your glass designs and hardware options.

In addition, the outer frame of the door can be supplied in white or can be colour matched to your door or, if you really want your door to stand out, why not choose an alternative colour.

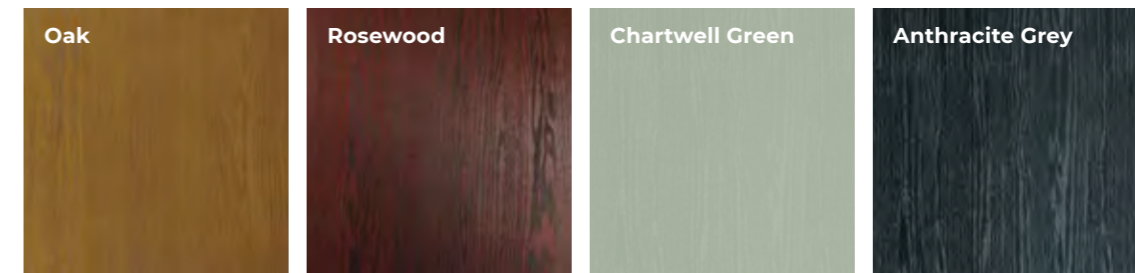

Choose from the extensive RAL range of colours and make your door truly unique.

Standard Colours

Standard Plus Colours

Premium Colours

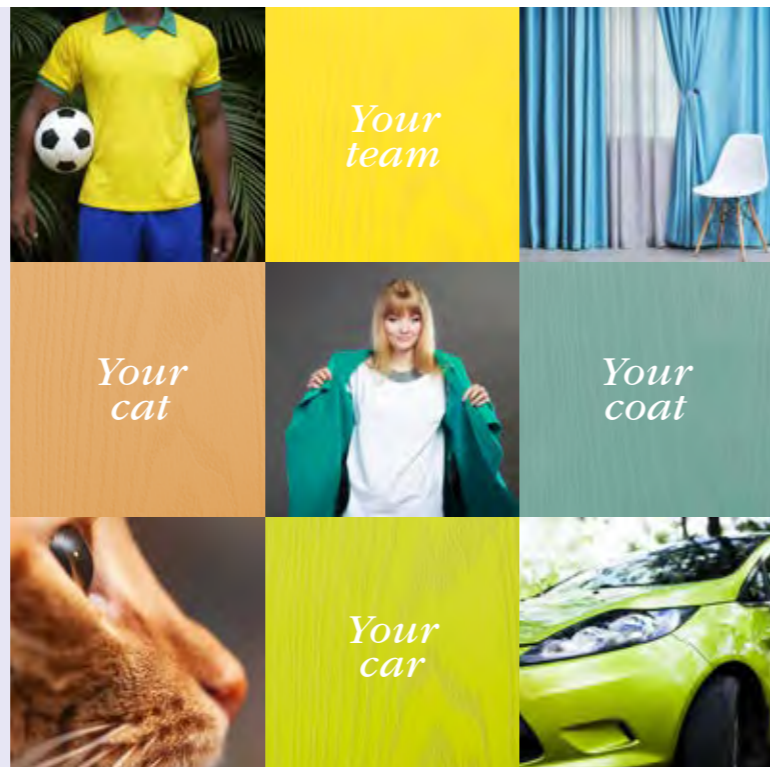

What's Your Inspiration?

If you want your door to be unique but you're unsure what colour to choose, why not take inspiration from the things you love and that surround you.

It could be the new colour you've painted the hallway or you could be inspired by the colours of your favourite football team, treasured car, cherished coat or even a beloved pet.

Whatever your preference, we have the perfect colour for your door!

Standard Plus and Premium colours are available at an additional cost. Due to the limitations of printing processes, colour illustrations should be used for guidance only.

Harmony Glass Collection

The brand new and exclusive Harmony Collection provides contemporary, etched effect geometric designs which cleverly feature on both sides of the double-glazed unit to create an elegant and striking three-dimensional effect.

3D effect

If you're looking for a contemporary style that makes a real statement, the new and exclusive Harmony Collection features etched effect geometric designs that are carefully sandblasted onto both sides of a double-glazed unit and then hand-crafted to create a three-dimensional effect, which is both stylish and striking.

The geometric designs, which are reversed on the internal side of the door, ensure a high level of privacy whilst also allowing natural light to flood into your home. In sunlight, these stunning, three-dimensional effect patterns move and refract light beautifully, creating a real focal point for your entranceway.

- ✓ Double glazed sandblasted units, no backing glass required
- ✓ Designed to maximise natural light
- ✓ Easy to clean and maintain
- ✓ Five beautiful designs that are available in:
 - Composite Four
 - Cottage Mid
 - Cottage Long Rectangle
 - Bohemia Mid
 - Bohemia Long Rectangle
 - Bohemia Select Long Rectangle

Glass Designs

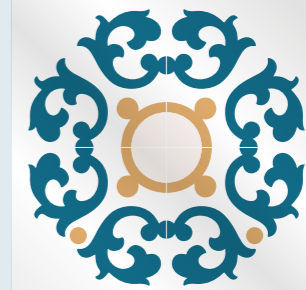

A fine selection of hand-crafted traditional and contemporary glass styles designed to maximise natural light and provide the ultimate finishing touch to your door.

- ✓ Outstanding style of glazing
- ✓ Triple and double glazed options
- ✓ Designed to maximise natural light
- ✓ Traditional and contemporary choices
- ✓ Easy to clean and maintain

Personalise Your Glass

If you have a totally bespoke design in mind or you would like to personalise your door with your favourite photograph, we can take any image and reproduce it straight onto glass using Direct Digital Glass printing (DDG). Ask for more details!

*All Stainless Steel Furniture incurs a surcharge.

Door *Maintenance*

Keep your door *looking great for longer*

Your new composite door is extremely low maintenance and is very easy to clean. How often will depend on where you live. For instance, a coastal or industrialised location, or near a busy road, may mean cleaning is required a little more often.

We recommend the following to help you get the very best from your composite door:

Cleaning your door

- Wash the door and door frame with warm soapy water and a soft, lint-free cloth to remove grime and atmospheric deposits.
- Never use a pressure washer or steam cleaner.
- Stubborn marks on the door frame may need to be tackled with a specialised PVC cleaner but please ensure you read the cleaning guidelines carefully so as to ensure suitability.
- Under no circumstances should you use any solvent based or abrasive cleaners and avoid the use of any adhesives or tack for temporary fixing i.e. For seasonal or other decorations.

Maintaining your door

- Once every six months or so, apply a little light engineering oil (such as 3 in 1 oil) on all moving parts of the lock, cylinder and hinges.
- We also recommend that you help protect your door from possible natural thermal distortion by engaging the locking points by simply pulling up the handle each time you shut the door.

With a little care and attention, your composite door should continue to look great for years to come!
